Dogs Bound for Torture and Slaughter

The Dog & Cat Meat Trade

Can you imagine a dog or cat thief stealing your family pet, torturing them and killing them to sell for meat, "leather" or fur? This is what happens in The Vile Trade every day.

Why Torture?

There is a widespread belief that the more the animal suffers before death, the better the meat tastes or that it has greater medicinal properties – proven myths!

Cats

Cats are innocent and highly vulnerable commodities in this cruel trade. Stolen, tied up, limbs broken and thrown in bags, often tortured before death for cat soup.

"The greatness of a nation and its moral progress can be judged by the way its animals are treated. I hold that the more helpless a creature the more entitled it is to protection by man from the cruelty of humankind."

~ Ghandi

A Dark and Sinister Industry

The Dog and Cat Meat Trade is based on a meat-procurement and processing methodology and psychology involving the most severe forms of cruelty. Lifelong abuse, intentional and purposeful torture and inhumane slaughter are standard practice in this industry.

Animals are bound, with limbs tied together and mouths tied or wired shut to make torture easy. Torture methods include:

- Blow-torching and boiling dogs and cats alive
- Burning/oven-cooking alive
- Prolonged stabbing/mutilation
- Nailing to stakes for beating
- Hanging and beating
- Other unimaginable cruelties
